

PATTON & COOKE ACCESSORIES LIGHT RING

LIVE LINE INDICATOR

When used in conjunction with your operations comprehensive safety procedures, the addition of induction powered LED lights can add another layer of personnel protection.

FEATURES

- Patton & Cooke Live Line indicators feature 3 independent energy harvesting arrays each powering 4 bright white LED elements on isolated circuit boards
- Easy to install, no batteries or power source required
- Energy is harvested from the high voltage electrical fields
- Real time status provides additional safety for personnel when used in conjunction with operating procedures and training
- Modular design allow device to be easily removed and installed on a different coupler
- Low cost solution for enhanced electrical safety

ORDERING GUIDE

OPERATING VOLTAGE*	SERIES	CABLE RANGE	LLI PART NUMBER	LLI QTY	REQUIRED ACCESSORY	ACCESSORY QTY
5kV	Patton & Cooke	0.82"-2.75"	LLI-003A-NIR	1	LLI-ANT-5KV	3
		2.76"-3.54"	LLI-003B-NIR	1	LLI-ANT-5KV	3
	IMG	0.82"-2.75"	LLI-003A-M-NIR	1	LLI-ANT-5KV	3
		2.76"-3.54"	LLI-003B-M-NIR	1	LLI-ANT-5KV	3
8kV	Patton & Cooke	0.82"-2.75"	LLI-003A-NIR	1	LLI-ANT-8KV	3
		2.76"-3.54"	LLI-003B-NIR	1	LLI-ANT-8KV	3
	IMG	0.82"-2.75"	LLI-003A-M-NIR	1	LLI-ANT-8KV	3
		2.76"-3.54"	LLI-003B-M-NIR	1	LLI-ANT-8KV	3
15kV	Patton & Cooke	0.82"-2.75"	LLI-003A	1	N/A	0
		2.76"-3.54"	LLI-003B	1	N/A	0

*Operating voltage is NOT the rated coupler voltage, it is the system voltage used on site
